WORK EXPERIENCE

InternPe **Bangalore**

Java Programming *Sep 2023 - Oct 2023*

- Created and delivered 5 successful Java projects based on the concepts of Basics, OOPs, Collection Frameworks, Error Handling, Multi-Threading and Packages and Modules. These projects received positive feedback.

PROJECT EXPERIENCE

Food Ordering Webpage **Bangalore**

Intra Institutional Internship *Sep 2022 - Oct 2022*

- Developed an interactive food ordering website using HTML for structure, CSS for sleek design, and JavaScript to seamlessly calculate and store total order prices and show it on payment page, also enhancing user experience with prompt notifications for successful orders.

Book My Court **Bangalore**

Hackathon *Jan 2023 - Jan 2023*

- Collaborated within a dynamic team of three to address college-specific challenges, leading the development of a multifaceted web solution using HTML, CSS with Bootstrap, JavaScript, and MySQL.
- Created an online booking platform for Sports Courts, Seminar Halls, and a Pre-Canteen Ordering system, enhancing operational efficiency and minimizing waiting time.
- Also implemented user-centric features, including seamless college USN-based login page and a customizable Dark Mode for an enhanced user experience.

LEADERSHIP EXPERIENCE

High School Sports Captain **Patna**

Served as House Captain during High School

- Led my house team to victory in multiple inter-house tournaments, winning the badminton championship two years in a row.

Whackiest '2023 **Bangalore**

Team Leader in Annual College Hackathon

- Led my team to a top-10 finish in our annual college hackathon, while gaining valuable insights into effective team leadership despite not clinching the victory.
